REISSUE DECLARATION

Sir:

We, Martin R. Kestle and Jan M. Manda, Canadian
citizens respectively residing (and having Post Office
addresses) at 12 rue Jean Soupert, L-2541, Luxembourg, and 132
Anndale Drive Toronto, Ontario M2N 2X8 Canada, hereby declare
and say that:

1. We believe that we are the original, first, and only joint inventors of the subject matter which is claimed in the subject reissue application identified above.

2. We have reviewed and understand the contents of the reissue application, including the claims.

3. We acknowledge our duty to disclose to the Patent Office all information known to be material to patentability as defined in 37 C.F.R. § 1.56.

4. We believe that the original above-identified U.S. patent is partly inoperative by reason of our having claimed more or less than we had the right to claim in that patent. The error in the issued patent is a potential ambiguity in Claim 5. Claim 5 is a multiple dependent claim which depends upon another multiple dependent Claim 4, in apparent violation of 37 CFR 1.75(c).

5. All errors being corrected in the subject reissue application up to the time of filing this Declaration, including the error identified above, arose without any deceptive intent on our part.

6. We hereby appoint the practitioners associated with the Customer Number provided below to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith, and direct that all correspondence be addressed to the address associated with that Customer Number:

Customer No. 27160

7. We hereby declare that all statements made herein of our own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
